

ArthritisID

ArthritisID is the most comprehensive free arthritis app for consumers, featuring the most current, evidence-based arthritis information to help detect, treat and manage arthritis.

ArthritisID includes:

- Screen for arthritis – **ArthritisID**'s interactive arthritis screening tool and questionnaire will help you determine indications of a type of arthritis
- Understand arthritis better – **ArthritisID** features treatment strategies and medication information for: osteoarthritis, rheumatoid arthritis, ankylosing spondylitis, psoriatic arthritis, lupus, gout and juvenile idiopathic arthritis (kids get arthritis too!)
- You can trust **ArthritisID** – the most current, evidence-based information on prevention of arthritis, as well as information about exercise, diet and nutrition
- Save it! **ArthritisID** lets you save past arthritis screenings, or those of friends and family
- Share it! **ArthritisID** lets you send important arthritis information and resources by e-mail from the app directly to those who need it
- Connect to the North American arthritis community through social media networks and access more resources
- Thoughtful functionality – **ArthritisID** does not require an internet connection to operate, and the text size can be custom adjusted to suit your preference
- Unlimited free access to all features – all materials are available in English AND French. There are no subscription fees or hidden costs

ArthritisID was developed and written by two of North America's leading arthritis research and patient advocacy organizations – the [Arthritis Research Centre of Canada](#) and [Arthritis Consumer Experts](#).

ArthritisID also has a free companion app for healthcare professionals, called [ArthritisID PRO](#), which has additional features.

ArthritisID is brought to you by [Arthritis Consumer Experts \(ACE\)](#) and the [Arthritis Research Centre of Canada \(ARC\)](#) as part of a national arthritis awareness program called "Arthritis is cured! (if you want it)." www.ArthritisIsCured.org | info@arthritisiscured.org or on Twitter: [@arthritiscured](#)

Arthritis is cured! (if you want it)

About "Arthritis is cured! (if you want it)" National Arthritis Awareness Program

The **National Arthritis Awareness Program** (NAAP) is the first comprehensive national arthritis awareness program in Canada. With the program slogan "[Arthritis is Cured! \(if you want it\)/Guerir l'arthrite! \(la solution vous revient\)](#)" NAAP's objective is to stimulate interest and conversation about arthritis and its impact among the Canadian public and healthcare professionals. Co-led by [Arthritis Consumer Experts \(ACE\)](#) and the [Arthritis Research Centre of Canada \(ARC\)](#), and joined by key national arthritis community partners across Canada, NAAP is defining new channels to expand the conversation about arthritis. To access tools or for more information about arthritis and the national program, please visit www.ArthritisIsCured.org.
