

RetINAL Toxicity And HydroxyChloroquine Therapy (INTACT) Study

SOP for MOAs at the Rheumatologist or General Practitioner (GP) office

1. Ensure patient fulfills the enrolment criteria for the INTACT Study:
 - a. Diagnosed with Rheumatoid Arthritis (RA) or Systemic Lupus Erythematosus (SLE)
 - b. Taking Hydroxychloroquine/Plaquenil for at least 5 years
 - c. 18 years of age or older
 - d. Resident of British Columbia
2. Confirm that the physician has provided a referral for the patient to one of the ophthalmologists from the INTACT Retina Network List, using the **ARC INTACT Referral Form** (available on Plexia, Accuro, and as a PDF). A list of the retina specialists in the network is attached on page 2 and 3 of the referral form.
3. Confirm that a No Charge Referral code is completed in your billing portal and the box is checked on the ARC INTACT Referral Form
4. Fax the form to the ophthalmologist indicated, **and CC a copy to the INTACT Study Team (604-207-4059).**
