

ArthritisID PRO

ArthritisID PRO is the most comprehensive free arthritis app for healthcare professionals, featuring the most current, evidence-based arthritis information to help detect, treat and manage arthritis.

ArthritisID PRO includes:

- Interactive arthritis screening tool and questionnaire to determine indications of a type of arthritis
- Current “best practice” guidelines for detecting, diagnosing and managing arthritis
- Continuing Medical Education (CME) activity accredited by the College of Family Physicians of Canada (CFPC) providing Mainpro® M2 Credits
- Treatment strategies and medication information for: osteoarthritis, rheumatoid arthritis, ankylosing spondylitis, psoriatic arthritis, lupus, gout and juvenile idiopathic arthritis
- Five instructional arthritis joint exam videos presented by North America’s leading rheumatologists – each video will play without requiring an Internet connection
- Self-care information for patients to better manage their arthritis, including exercise, prevention, diet and nutrition
- E-mail functionality: e-mail information directly from **ArthritisID PRO** to patients or colleagues
- Links to thought leaders in the North American arthritis community
- Thoughtful functionality – **ArthritisID PRO** does not require an Internet connection to operate, and the text size can be custom adjusted to suit your preference
- Unlimited free access to all features – all materials are available in English AND French. There are no subscription fees or hidden costs.
- Once installed, no Internet connection is required to view the exam videos.

ArthritisID PRO was developed and written by two of North America’s leading arthritis research and patient advocacy organizations – the Arthritis Research Centre of Canada and Arthritis Consumer Experts.

ArthritisID PRO also has a free companion app for consumers, called [ArthritisID](#), which has features specifically designed to help patients live well with arthritis.

ArthritisID PRO is brought to you by [Arthritis Consumer Experts \(ACE\)](#) and the [Arthritis Research Centre of Canada \(ARC\)](#) as part of a Canadian-based national arthritis awareness program called “Arthritis is cured! (if you want it).” www.ArthritisIsCured.org | info@arthritiscured.org or on Twitter: [@arthritiscured](https://twitter.com/arthritiscured)

Arthritis is cured! (if you want it)

About "Arthritis is cured! (if you want it)" National Arthritis Awareness Program

The **National Arthritis Awareness Program** (NAAP) is the first comprehensive national arthritis awareness program in Canada. With the program slogan "[Arthritis is Cured! \(if you want it\)/Guerir l'arthrite! \(la solution vous revient\)](#)" NAAP's objective is to stimulate interest and conversation about arthritis and its impact among the Canadian public and healthcare professionals. Co-led by [Arthritis Consumer Experts \(ACE\)](#) and the [Arthritis Research Centre of Canada \(ARC\)](#), and joined by key national arthritis community partners across Canada, NAAP is defining new channels to expand the conversation about arthritis. To access tools or for more information about arthritis and the national program, please visit www.ArthritisCured.org.
